A sought after name in Tamil Nadu sports

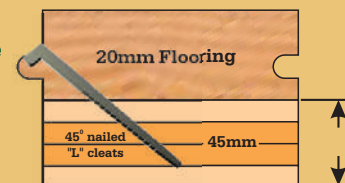

Success Floorings has been a valuable contributor to the Tamil Nadu sports industry for 3 decades having completed over 5,00,000 sq.ft flooring for all nature of indoor wooden courts across Tamil Nadu. We employ the latest technology, adhere to strict quality practices and only use high quality imported accessories to set industry standards that are difficult to match. 30 years experience, over 300 completed projects with floors as good as new for decades – our excellent track record is testimony to our quality and excellence.

Our Quality Focus

- High quality teak wood procured from Africa based on bark thickness for high dimensional stability
- Runners made of Country wood
- Kiln-dried to bring down the moisture content to below 10%
- Factory finished in imported machines

The Process for Excellence

- Tongue and grooved wooden flooring system for world class finish
- Each strip precision cut through multiple stages
- Wooden strips anchored with imported 'L' cleats with the help of flooring nailers
- The runners are fixed with self-threaded concrete screws imported from Germany.
- Own designed nitrale rubber bushes to achieve best performance, good resiliency and durability.
- Special water proof glues are used to match the finest Quality.
- Final levelling achieved by drum sanders and finished with water based polyurethane, special sports polish from Sirca, Italy and Bona from Sweden with anti slip.

Highlights of our service

- Competitive pricing
- Strong logistic network
- Skilled experienced team
- Sufficient stock maintained always for on Time delivery
- Wide satisfied clientele
- Expertise in sports activity
- Customisation of design & dimension
- Support wide range of wood varieties as per requirement
